

RACE READ

Challenge

This printable map is for you to track the progress of both the entire state's miles as well as your miles traveled across South Dakota. Print out the map and both sets of cars. One set of cars is to be used when we are headed west, the other for when we are headed east. Cut out the cars and move them around the map as books are read to track progress.

RED CAR = state miles driven

BLUE CAR = organization miles driven
