

IMPACT in Belle Fourche

Your Generosity in Action

Two teenage brothers from Belle Fourche both struggled with bipolar disorder, anxiety and ADHD. The brothers' conditions required consistent treatment with medication and ongoing counseling. The brothers found access to the care they needed from the unique system at the Community Health Center of the Black Hills. Thanks to UWBH's voucher program at CHCBH, the brothers have been able to receive the medication and services they need at a reduced price.

This is just one story of one life changed. UWBH supports more than 40 different nonprofits serving the Black Hills and each one has hundreds of stories of lives changed thanks to your donation to UWBH.

When you partner with the United Way of the Black Hills, you're partnering with organizations like the Community Health Center of the Black Hills that provides unconditional access to mental health services to the people of Belle Fourche.

100%

of every dollar donated to the United Way of the Black Hills stays in the Black Hills!
